

Could your business sponsor a snowflake in support of your local NHS hospital Charity?

Norfolk and Norwich
University Hospitals
NHS Foundation Trust

Each year N&N Hospitals Charity brings Christmas to the Norfolk and Norwich University Hospitals by transforming and illuminating the site in festive light.

The initiative aims to bring together our community with a shared goal of supporting our patients and medical teams, particularly as 2020 draws to a close at the end of what has been a truly challenging year for everyone in the NHS.

Sponsoring a snowflake for £500 is a real opportunity to support the charity and the wellbeing of thousands of staff, patients and visitors.

Donations to N&N Hospitals Charity are used across the hospitals and make a huge difference to our patients and staff, allowing us to fund life-saving and ground-breaking equipment, staff development, innovative research and enhanced environments and facilities.

In return, we would share a Christmas message from your business across our social media and list you as a key sponsor on our charity website www.nnuh.org.uk

Contact us today to find out more and reserve your snowflake
